

Why do auditors love ART?

Discover why auditors rave about SkyStem's month-end close solution, ART

1

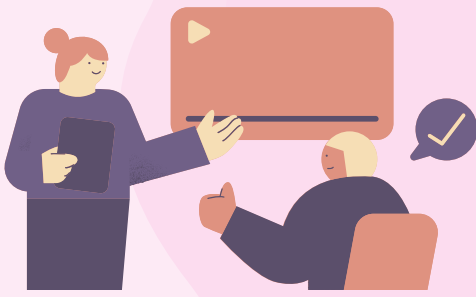

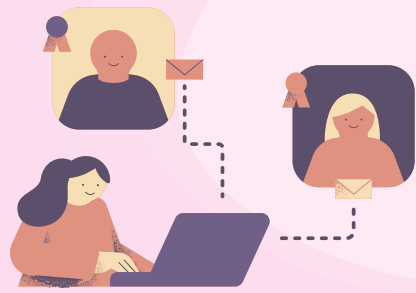

Accuracy

Bye-bye, human errors! ART slashes mistakes with spot-on accuracy and backs it up with rock-solid transaction documentation. Makes audits easy-peasy.

Efficiency

A central repository to store documentation means auditors zip through reconciliations, without having to send a million requests.

2

3

Consistency

ART follows the playbook every time, ensuring all reconciliations get the same, meticulous review. Standardization makes your job so much easier.

Client satisfaction

Clients will appreciate the speed and accuracy of the audit process when automation is used.

4

5

Remote access

You can audit reconciliations from anywhere meaning less intrusion on your clients.

Automated controls

Which auditor does not like automated controls. More for you to love!

6

ART helps accounting teams shorten the close by automating balance sheet reconciliations, managing month-end tasks, performing flux analysis and providing insightful reporting. Schedule a demo today at www.skystem.com and eliminate 90% of manual month-end work in just 30 days.
